

TMNT™

MOVIE MUTATING LEO INSTRUCTIONS:

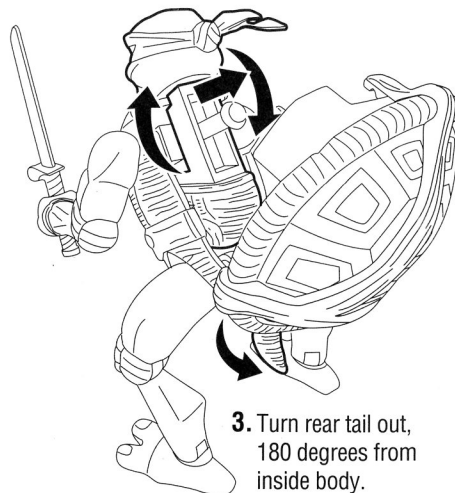

1. Help the mutant Turtle become the original Turtle pet.

2. Crack the shell open at the neck.
Note: To open the shell easily, gently squeeze the back sides of shell.

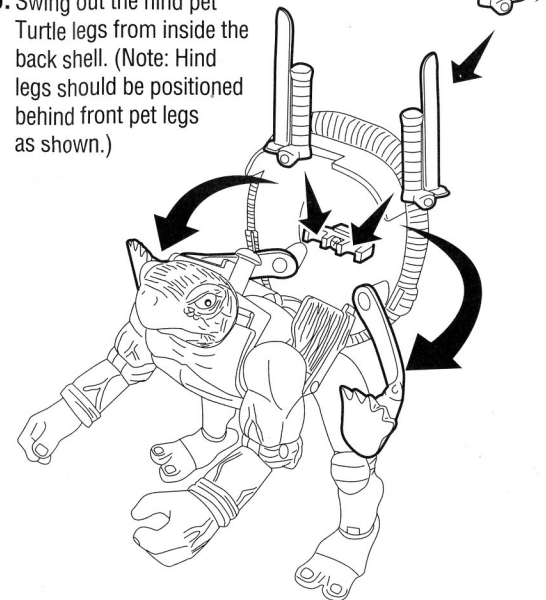

4. To switch from mutant head to pet head, pull back, rotate, and push forward the ninja neck to lock head into position.

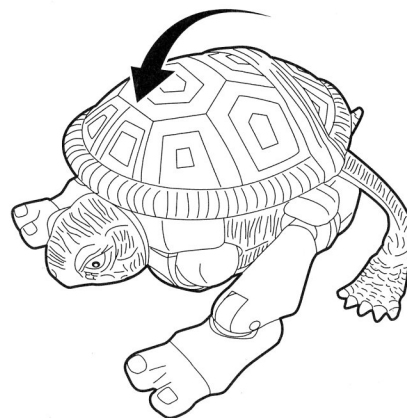

6. Fold up weapon and place inside shell as shown.

5. Swing out the hind pet Turtle legs from inside the back shell. (Note: Hind legs should be positioned behind front pet legs as shown.)

3. Turn rear tail out, 180 degrees from inside body.

9. Close shell. Now the mutant Turtle is the original Turtle Pet. To help him become a mutant just reverse the above steps.

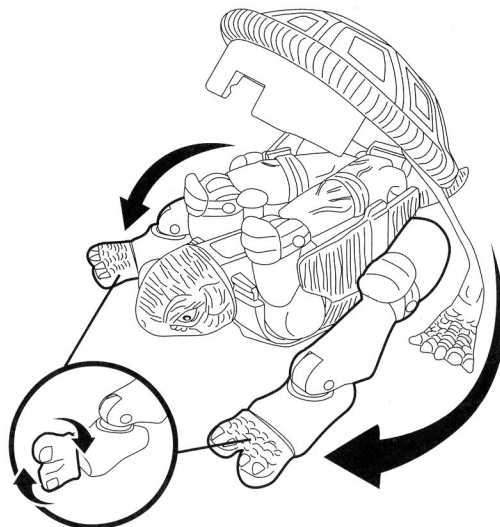

Please Note:

- Never force limbs into position. If parts don't fit comfortably or the shell does not close easily, you may have missed a step. Always keep the limbs tucked in, positioned close to body.
- If Turtle shell pops off, simply snap it back on.
- Don't forget being a mutant master takes practice. The more you mutate, the better you become.

Contains 1.41 oz (40 grams) Ooze which is a Non-toxic toy though not suitable for consumption.

NOTE: Protect play surfaces before use. Do not play on surfaces that could be damaged by water. Ooze may stain or stick to some surfaces. To remove Ooze remove excess Ooze and hand wash with warm water.

7. Rotate the fist 180 degrees as shown and rotate the mutant arms back and inward into shell. (Note: Mutant arms end up positioned in middle of interior body as shown.)

8. Swing the mutant legs forward to become the front pet legs. (Note: Keep legs positioned close to sides of body.) Rotate toes 180 degrees as shown. Hinge feet down flat on ground.
