

# TEENAGE MUTANT NINJA TURTLES®

## INSTRUCTIONS:

You control the Green Teen's voice!

Feed the end of the Quip Strip printed with arrow into the Backpack.  
The printed phrase on the strip must be facing backwards, away  
from the front of the Turtle (as shown). Then pull the strip through for  
real sweet sewer-speak.

## NOTE:

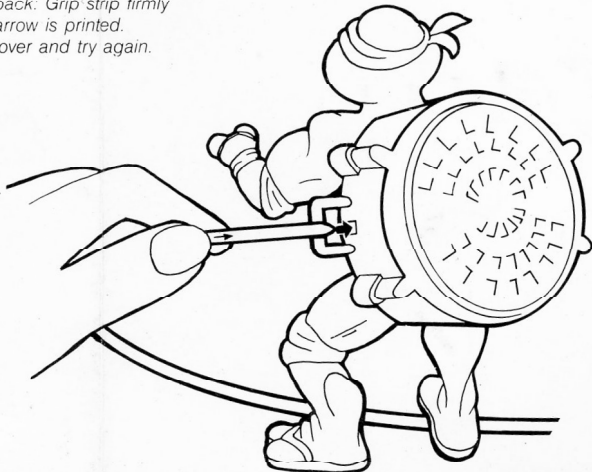

- For best results when inserting strip into backpack: Grip strip firmly between thumb and forefinger at spot where arrow is printed.
- If talkin' isn't totally clear, flip the Quip Strip™ over and try again.

Hey, kids! Experiment with the sound! Pull the Quip Strip™ at a steady speed for cool, clean sound. Or for funny Mutant voices, pull the Strip real fast or real slow. For rappin' reptile sounds, pull the Strip quickly back and forth.

The Quip Strips™ are interchangeable and work with all Talkin' Turtles!

## WARNING:

- Do not bend the Quip Strips™
- Do not leave Quip Strips™ or Talkin' Turtles outside.
- Do not stick any sharp objects into the Talkin' Turtle Backpack.
- Due to potentially high volume levels, do not hold backpack close to ears while operating.
